About

Computer Engineering and Electrical-Electronics Engineering double major student with a 4.0/4.0 GPA. Certified Cybersecurity Technician (C|CT) with a strong interest in cybersecurity. Experienced in leading technical teams for national competitions like TEKNOFEST.

Education

Bachelor of Science: Computer Engineering

Çankaya University - Ankara, Turkey | 01/10/2023 – Expected: 06/2028
- Second Year Student
- GPA 4.0/4.0
- High Honor Student
- Double Major with Electrical-Electronics Engineering (Enrolled 2025/2026)

Erasmus+ Student Mobility: Computer Engineering

Institut Supérieur D'électronique De Paris (ISEP) - Paris, France
01/09/2025 – 31/01/2026
- Funded Student Exchange Program

Projects

TEKNOFEST Air Defense Systems Competition

TULGA - Team Captain (Team: GÖKBÖRÜ, ID: 731567)
- Led a 3-member interdisciplinary team to design a conceptual autonomous air-defense platform for TEKNOFEST 2025.
- Authored the Preliminary Design Report (PDR), focusing on the conceptual integration of object detection and real-time control logic.

Skills

Soft Skills

Teamwork and collaboration	Critical thinking
Problem-solving	Attention to details
Calm under pressure	Fast learner

Technical Skills

C/C++	Java
SQL	Linux
HTML/CSS	Network Fundamentals

Languages

English - Upper intermediate (B2)
French - Beginner (A1)

Certifications

13/06/2023   Certified Cybersecurity Technician (C|CT), EC-Council - Valid until 30/06/2027
